TwoFour54 Abu Dhabi Free Zone

Named after the geographic coordinates of Abu Dhabi, symbolic of our goal to put Abu Dhabi on the map as the capital of content creators, twofour54 was launched in 2008 to accelerate Abu Dhabi's media industry. This dynamic media zone provides the infrastructure and services to attract international, regional, and local media businesses. It offers everything from customizable office space, to world-class production facilities, and services, talent development initiatives, and training to business support services.

The Community Hub is located at the heart of Yas Creative Hub, the first purpose-built development for media, entertainment and gaming in the region. It features an array of spaces, from private meeting rooms and lounges, to a screening room and brainstorming areas. This unique space will empower and enable creatives to connect, collaborate, and realize their full potential by leveraging the power of connectivity across the increasingly overlapping creative industries.

Production Facilities

twofour54 offers extensive in-house production and post-production facilities (managed by Geno Media Studios) with year-round access. We own studios, and a 300,000 sqm Backlot, and work with the UAE's only Dolby Vision-certified Post production facility.

Our purpose-built studio facility comprises 7 broadcast studios each with a full production gallery, green room, and dedicated make-up and dressing rooms. Our studios are fully supported by our highly skilled in-house technical and operational team. All studios are fully soundproofed with full saturation lighting rigs, soft 'cycs', and 4x4 meter 'elephant doors' allowing full drive-in access.
